Donald:

Good to have you and the guys here this past weekend. I think we all enjoyed the visit. Always good to see you and Furey and Campbell. Your new buddy, Pat, gets very high marks in my book. Interesting guy. Seems like he fits in perfectly with you and your buddies.

Clothes lines are one of my favorite things. I especially like to see clothes blowing in the wind. Attached are three photos that I took of my clothes lines a couple of days ago. [SRP clothes line photos 176.jpg, 177.jpg, 178.jpg, all in 2013 SRP journal]

This morning I washed in the creek and then put on the line all the sheets and pillow cases from this past weekend. Regrettably, right now it's raining, so the clothes will all get an extra rinsing.

Hope you win big at you golf outing this coming week-end.

Best,

Uncle Robert

Uncle Robert:

It was a very pleasant time and I wish it hadn't ended so abruptly. Pat is a cool guy and I know he enjoyed himself during our visit. I'm sure, if given the opportunity, he would return for another trip.

The pictures you sent are very nice and remind me of how much I enjoy the creek. I'll be sure to make use of them elsewhere outside my email inbox. For the record, the homemade pillows worked like a charm and we all slept comfortably, thanks again.

I could have used a camera during our walk in the woods when we saw a deer,
a pair of mallards deep in the woods and the skeleton of a deer within 20 yards of Camp Franklin. It made the woods feel very alive and made me happy.

I'm very busy preparing tax returns and can hardly wait til this weekend's golf match. I'll be sure to keep you posted.
